Plan Successfully Approved

Omni will now begin monitoring your connected platforms using the ****Human-in-the-Loop**** strategy. Every draft will be queued in your Command Center for final review before sending. No messages will leave your accounts without your explicit 'Approve & Send' action.

Master Automation Switch

When enabled, Omni will actively monitor all connected platforms and draft responses for your approval.

Response Strategy

Human-in-the-Loop

AI drafts everything, but you must manually approve every single message before it's sent.
